

ESF Programme for Employability, Inclusion and Learning OP 2014-2020	
Priority axis:	Priority 1: Promoting the attainment of sustainable and quality employment through relevant upskilling measures and supporting labour mobility.
Thematic objective:	Promoting sustainable and quality employment and supporting labour mobility
Investment priority:	Access to employment for job-seekers and inactive people, including the long-term unemployed and people far from the labour market, also through local employment initiatives and support for labour mobility
Specific objective:	To raise the level and market-relevance of job seeker's skills, in particular, for LTU and young, through further/higher education and training opportunities, and by facilitating their labour mobility
Activity title:	Springboard
Overall Objective:	To help unemployed and previously self-employed people to remain as close as possible to the labour market by accessing part-time flexible higher education and training opportunities to upskill or reskill in areas where sustainable employment opportunities may arise as the economy recovers.
Certifying Authority:	ESF Certifying Authority
Managing Authority:	ESF Managing Authority
Beneficiary Body:	Higher Education Authority

1. CONTEXT/ PROBLEM/ NEED BEING ADDRESSED:

To address the educational and training requirements of unemployed people by providing part-time flexible higher education opportunities to upskill or reskill in areas where sustainable employment opportunities may arise as the economy recovers. Courses are at levels 6 to 9 on the NFQ and are provided by public and private higher education providers across the country.

Springboard funding is disbursed on an annual basis following a competitive call for proposals. As the economy recovers and the unemployment rate improves it is anticipated that Springboard funding will be wound down. Accordingly, it is proposed to seek ESF assistance for Springboard from 2014–2016. Should Springboard continue after 2016, it is proposed to resubmit a new proposal in respect of Springboard for the remainder of the PEIL 2014 – 2020.

2. OBJECTIVES OF THE ACTIVITY:

- To address the educational and training requirements of unemployed people by providing part-time flexible higher education opportunities to upskill or reskill in areas where sustainable employment opportunities may arise as the economy recovers.
- To help unemployed people return to the labour market by accessing part-time flexible higher education and training opportunities to reskill at a comparable level or upskill to a higher level on the National Framework of Qualifications in areas where there are identified skills shortages.
- To enhance collaboration and engagement between the enterprise sector and higher education providers in the design and delivery of relevant and responsive higher education programmes to support job creation and expansion in line with the objectives of the Government's Action Plan for Jobs.

3. ESF FUNDED ELEMENT OF ACTIVITY:

The Simplified Costs Option under Article 67(1)(b) of CPR 1303/2013 is to be applied to the operations of this activity.

The ESF claims will be made based on students that have that successfully completed their course of study. The main source of documentation to confirm the successful completion will be copies of the student's exam transcripts/records. The unit cost per student to be applied for the ESF claim is the same as the amounts used for HEA payments to service providers that were agreed as part of the application process and are linked to actual enrolment figures at the time of payment.

Any net revenue generated from the co-funded operations shall be deducted from its eligible expenditure in line with section 3.6 of the Department of Education and Skills Circular 1/2015, Eligibility Rules for 2014-2020 ESF and YEI.

4. RESPONSIBILITIES OF BENEFICIARY:

In accordance with Circular 13/2015, a Service Level Agreement between the Managing Authority and Beneficiary for this activity will formally record in writing the responsibilities and tasks to be carried out by the Beneficiary.

5. CONTRIBUTION TO HORIZONTAL PRINCIPLES	
A. Promotion of Equality between men and women	<p>Springboard is open to all unemployed male and female applicants.</p> <p>Evaluations of Springboard to date indicate that there is a greater uptake of courses by males; this is due to the fact that the majority of unemployed people in recent years have been males due to the collapse of the male dominated construction industry. The proportion of females who have participated in Springboard courses to date is roughly in line with the proportion of females on the live register. Moreover, the proportion of women doing Springboard courses is increasing.</p>
B. Promotion of equal opportunities and non-discrimination	<p>Higher Education Institutions offering Springboard courses are committed to equality which includes promoting equality and prohibiting discrimination in employment and in service delivery on nine grounds as defined in the Employment Equality Acts 1998-2011 and the Equal Status Acts 2000-2012. The nine grounds are gender (including gender identity), family status, civil status, sexual orientation, age, disability (including mental health), race (including skin colour, ethnicity and nationality), membership of the Traveller community, religion (including non-religious belief).</p> <p>Springboard providers will provide reasonable accommodation for people with disabilities as in line with equality legislation. They will also allow for positive action to promote or ensure equality through preferential treatment or positive measures which promote equality of opportunity for people who may be disadvantaged because of their circumstances, or to cater for their special needs.</p>
C. Sustainable Development	<p>As set out in the Partnership Agreement, the principle of sustainable development requires that the needs of the present be met without compromising the ability of future generations. This requires support for environmental protection requirements, resource efficiency, sustainable management of natural resources, risk prevention and management are addressed through both dedicated funding streams and through their horizontal integration across the Operational Programmes.</p> <p>The Government sustainable development framework document is intended to provide a platform for the integration of sustainable development principles into policies across all sectors. The framework broadly follows the thematic approach of the EU Sustainable Development Strategy and sets out a wide range of measures that seek to ensure an improvement in Ireland's quality of life into the future. Among the areas listed are sustainability of public finances and economic resilience, sustainable consumption and production, conservation and management of natural resources, climate change and clean energy, social inclusion, sustainable communities and spatial planning, education, communication and behaviour change, innovation, research and development, skills and training and global poverty and sustainable development.</p>

6. INDICATORS and REPORTING				
<p>Reporting on the progress of each activity is required for the Annual and YEI Implementation Reports and the Programme Monitoring Committee. This reporting includes information on financial and non-financial indicators as outlined in the subsequent paragraphs.</p> <p>High level Investment Priority and Priority Axis targets have been set as part of the output and results indicators and performance framework¹ tables included in the PEIL 2014-2020. The <i>ESF co-funded</i> and <i>ESF + YEI co-funded tables</i> below detail the activity level indicators that contribute to the higher level targets in the OP. In order to meet the reporting requirements the data in the table below must be captured and reported for this activity.</p> <p>In addition to the capturing and reporting on the data for the high level targets included in the OP, data on common indicators is also required. These indicators are detailed in the attached Annex I² in line with the requirements of Article 5 of the ESF Regulation 1304/2013.</p>

*ANNEX I***Common output and result indicators for ESF investments**

(1) Common output indicators for participants

"Participants"³ refers to persons benefiting directly from an ESF intervention who can be identified and asked for their characteristics, and for whom *specific expenditure is earmarked*. Other persons shall not be classified as participants. All data shall be broken down by gender.

The common output indicators for participants are:

- unemployed, including long-term unemployed*,
- long-term unemployed*,
- inactive*,
- inactive, not in education or training*,
- employed, including self-employed*,
- below 25 years of age*,
- above 54 years of age*,
- above 54 years of age who are unemployed, including long-term unemployed, or inactive not in education or training*,
- with primary (ISCED 1) or lower secondary education (ISCED 2)*,
- with upper secondary (ISCED 3) or post-secondary education (ISCED 4)*,
- with tertiary education (ISCED 5 to 8)*,

- other disadvantaged**.

The total number of participants will be calculated automatically on the basis of the output indicators.

These data on participants entering an ESF supported operation shall be provided in the annual implementation reports as specified in Article 50(1) and (2) and Article 111(1) of Regulation (EU) No 1303/2013.

- homeless or affected by housing exclusion*,
- from rural areas⁴

The data on participants under the two above indicators will be provided in the annual implementation reports as specified in Article 50(4) of Regulation (EU) No 1303/2013. The data shall be collected based on a *representative*

³ Managing authorities shall establish a system that records and stores individual participant data in computerised form as set out in Article 125 (2) (d) of Regulation (EU) No 1303/2013. The data processing arrangements put in place by the Member States shall be in line with the provisions of Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data (OJ L 281, 23.11.1995, p. 31), in particular Articles 7 and 8 thereof. Data reported under the indicators marked with * are personal data according to Article 7 of Directive 95/46/EC. Their processing is necessary for compliance with the legal obligation to which the controller is subject (Article 7(c) of Directive 95/46/EC). For the definition of controller, see Article 2 of Directive 95/46/EC. Data reported under the indicators marked with ** are a special category of data according to Article 8 of Directive 95/46/EC. Subject to the provision of suitable safeguards, Member States may, for reasons of substantial public interest, lay down exemptions in addition to those laid down in Article 8(2) of Directive 95/46/EC, either by national law or by decision of the supervisory authority (Article 8(4) of Directive 95/46/EC).

⁴ The data shall be collected at the level of smaller administrative units (local administrative units 2), in accordance with Regulation (EC) No 1059/2003 of the European Parliament and of the Council of 26 May 2003 on the establishment of a common classification of territorial units for statistics (NUTS) (OJ L 154, 21.6.2003, p. 1).

sample of participants within each investment priority. Internal validity of the sample shall be ensured in such a way that the data can be generalised at the level of investment priority.

(2) Common output indicators for entities are:

- number of projects fully or partially implemented by social partners or non-governmental organisations,
- number of projects dedicated at sustainable participation and progress of women in employment,
- number of projects targeting public administrations or public services at national, regional or local level,
- number of supported micro, small and medium-sized enterprises (including cooperative enterprises, enterprises of the social economy).

These data shall be provided in the annual implementation reports as specified in Article 50(1) and (2) and Article 111(1) of Regulation (EU) No 1303/2013.

(3) Common immediate result indicators for participants are:

- inactive participants engaged in job searching upon leaving*,
- participants in education/training upon leaving*,
- participants gaining a qualification upon leaving*,
- participants in employment, including self-employment, upon leaving*,
- disadvantaged participants engaged in job searching, education/ training, gaining a qualification, in employment, including self-employment, upon leaving**.

These data shall be provided in the annual implementation reports as specified in Article 50(1) and (2) and Article 111(1) of Regulation (EU) No 1303/2013. All data shall be broken down by gender.

(4) Common longer-term result indicators for participants are:

- participants in employment, including self-employment, six months after leaving*,
- participants with an improved labour market situation six months after leaving*,
- participants above 54 years of age in employment, including self-employment, six months after leaving*,
- disadvantaged participants in employment, including self-employment, six months after leaving**.

These data shall be provided in the annual implementation reports as specified in Article 50(5) of Regulation (EU) No 1303/2013. They shall be collected based on a representative sample of participants within each investment priority. Internal validity of the sample shall be ensured in such a way that the data can be generalised at the level of investment priority. All data shall be broken down by gender.
